

Report on visit to Church

Preps have settled well in their classes with the new teachers and new friends were ready for their first outdoor visit trip. What a nice way to start with a visit to Church which is right beside Santa Maria. The visit also gives an opportunity to see a place of worship.

Parents were informed prior to the visit. A circle time was done and children were well conditioned about the good practices like keeping calm and silence to be observed during the visit.

On 27th April'2017 all the Preps formed a line with their partners and went walking to the church. As they reached the gate of the church they were prompted to observe the building and its architecture. Children immediately noticed various shapes which they recently learned like semi-circle, arch etc. Vaniya said "church ke bahar triangle wala pattern tha." Statues of St. Jude, St. Alphonsa were introduced as best friends of Jesus. Manya recalled and said" hum KG mein bhi church aaye the."

Children entered the Church as keen and curious observers. Everyone observed the cross. It was very kind of the Priest to have welcomed our children with love. Children prayed and came to know about Lord Jesus Christ and Mother Mary.

Children sung their favourite song "dil ka darwaza...". The visit was concluded as children prayed for their personal needs.

Back in school they did illustrative recall. Tripti said "Church bhi humare mandir jesa hota hai." Manveetsaid "humare gurudware mein bhi aisi daan peti hoti hai."

Visit to the Church was fulfilling as children made many interesting observations. In months to come children will visit other places of worship to become aware of the religious and cultural diversity of our country.
