

Visit to the District Park

A picnic was organised for the children of class KG on 02 February, 2017. Before going for the visit the children and the teacher had a Circle Time discussion about the visit and the important things that should be kept in mind. During the circle time, few children said, "yeh toh hamara park hai hum dadu, dadi ke saath jaate hai" "aapko pata hai District park ko Deer park bhi kehte hai"

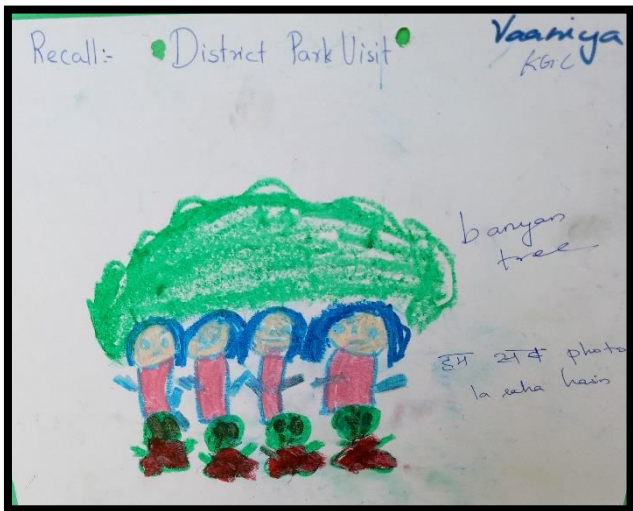

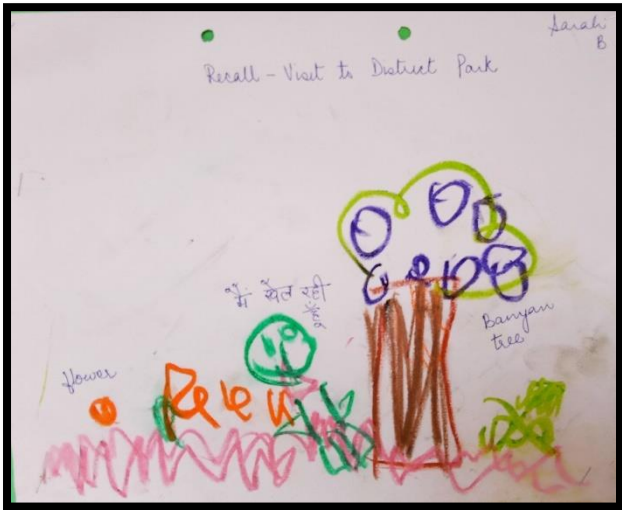

A nature walk through the park was a joy. The teachers pointed out the different trees, patterns of leaves and even the difference in their shapes and sizes.

Soon we settled down in a comfortable spot and spread our picnic fare. Children were excited to dig into the snack they got from home. Thereafter we had a free play. Children chose their activity and enjoyed doing it outdoors. Some children sat around leisurely whilst others played football. Some engaged in an outdoor game "I sent a letter.....". Some others stood near the pond to watch the ducks and others observed the passer-by doing exercises on the open gym and tried few on their own.

Later the children settled down to illustrate the nature around. Every illustration was "Unique". We were overwhelmed to see the originality in ideas as described by children.

Regards
